

## Using Unlock Document License - v. 1.1

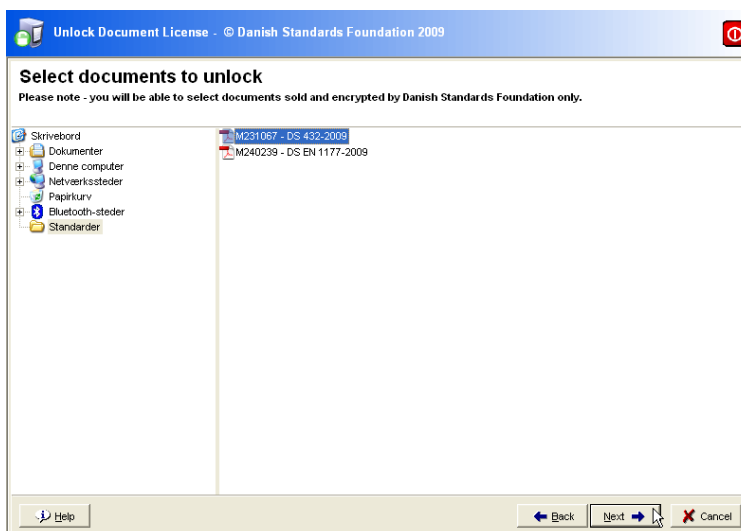

How to unlock a standard using the Unlock Document License:

1. Start Unlock Document License by clicking on the icon on your desktop or in the Start menu.
2. Before using the program you have to accept a number of conditions.

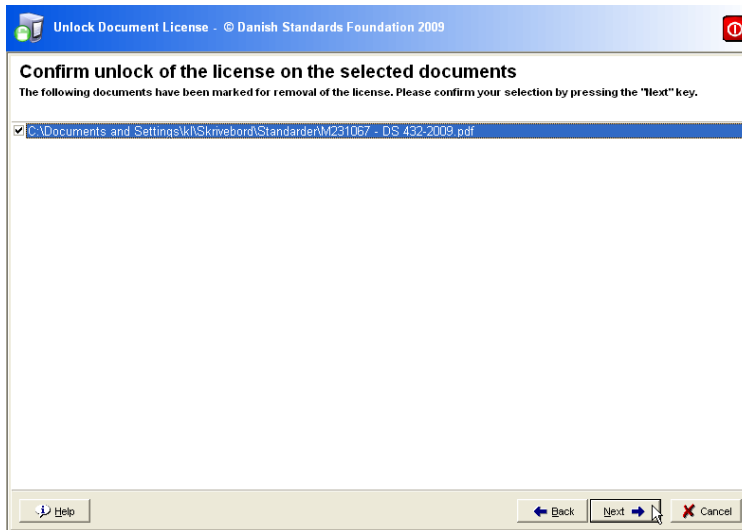

Click on 'Next' to accept the conditions – the installation continues:

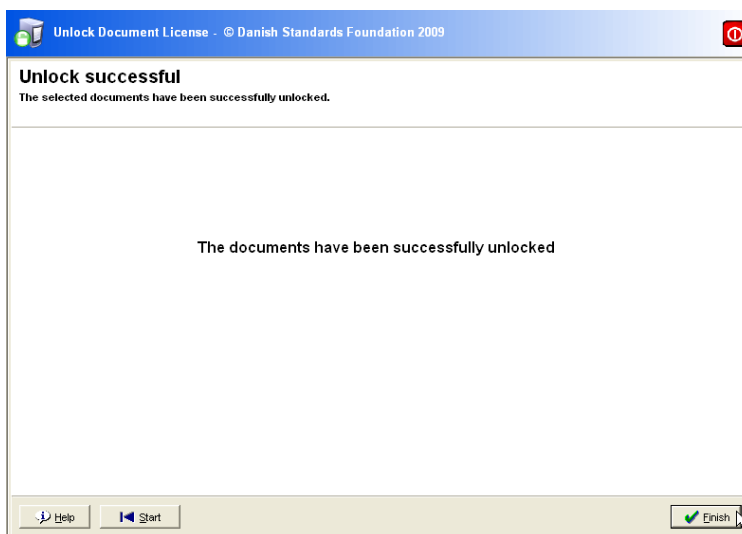

3. Then navigate to the location of the standard(s) to be unlocked and mark the standard(s). You can choose more standards by holding down the shift key while clicking on the individual standards:

4. Confirm unlocking of documents:

5. The unlocking process will start automatically. When the standard has been unlocked, the following message is shown:

6. Terminate the process by clicking on 'Finish'. The standards are now unlocked.
