## What do you get?

Participation in a committee at Danish Standards gives you access to the knowledge and documents that will bring you and your enterprise insight into standards before they are published. You can also draw on various professional competences which will help you translate this knowledge into influence on standards. Your membership is designed so as to strengthen your insight, influence and market position.

Your membership consists of a core service. The committee has a normal or high level of activity, depending on how many committees and work items it follows.

DS recommends a PlusPakke for those committees that need extra services in order to promote your interests in the work with standards.

In this leaflet, you can read more about what the committee services comprise and what they cost. Please, do not hesitate to contact the consultant responsible for the committee if you have any questions.

Before you make up your mind, you are welcome to participate in a committee meeting free of charge.

# Core service

For all members

## Influence, insight and market positioning

- You may participate in the Danish, European and international committees and working groups.
- You are invited to take part in one or two committee meetings per year in the Danish committee.
- You get a one-to-one introduction to the committee work, and we start from your interests and the interests of your enterprise.
- You get electronic access to all relevant documents, including proposals and final standards.
- At the DS Universe you are offered free education on subjects such as European and international standardisation work.
- You or a colleague may participate in a new committee at a 50 % discount in the first calendar year\*.
- You will have an electronic certificate of your participation in the standardisation work, suitable for use on your website.
- You and your enterprise get free access to monitoring of relevant directives and the underlying harmonized standards within the committee's field of work.
- Your enterprise gets test access to Standard Distribute, up to five standards for up to three months.

\* Does not apply if your enterprise is already granted another discount.

## Additional services

### **In addition to the elements of the core service, you also get:**

- You and the committee get extra service from DS with a view to promoting and strengthening your priorities in the standardisation work.
- You and your committee may invite an extra specialist to the committee free of charge.
- You are invited to an unlimited number of annual committee meetings.
- You and your committee may decide to send a consultant from Danish Standards and a chairman or a specialist to a meeting abroad once a year. Danish Standards will finance the trip.\*
- You (or another member of the committee) can follow relevant work in another committee with a view to coordination.
- DS can participate virtually in European or international meetings (TC, SC, PC) in order to support the committee and import knowledge to the committee.

**NB: If your committee is connected to a secretariat which is led by Danish Standards, purchasing the additional PlusPakke will be required.**

\* The price of the trip or the grant cannot exceed DKK 7,000 for European meetings and DKK 12,000 for overseas meetings.
